

3-PIECE AVIATION TIN SNIP SET

Engineered for precision and durability, the versatile Impact-A 3-Piece Aviation Tin Snip Set, is crafted from robust Chrome-Vanadium steel. Each snip features serrated cutting edges that grip materials securely for precise cuts without slippage.

The ergonomic comfort grip handles ensure optimal control and reduce fatigue during prolonged use. Perfect for the serious tradesperson, this set includes left-cut, straight-cut, and right-cut options, making it ideal for a wide range of materials and applications.

Impact-A Aviation Snips are engineered to deliver consistent performance, durability and are built to withstand rigorous use in demanding environments. Perfect for cutting sheet metal, aluminum, plastics, and other materials in construction, automotive repairs as well as HVAC installations.

Key Features

- **Material:** Crafted from robust Chrome-Vanadium steel, ensuring exceptional strength and longevity for reliable performance.
- **Serrated Cutting Edges:** Equipped with serrated edges that grip materials securely, preventing slippage and ensuring precise cuts with minimal effort.
- **Ergonomic Comfort Grip Handle:** Designed with ergonomic comfort in mind, the handle provides a secure and comfortable grip, reducing hand fatigue during prolonged use.
